

LabScape™ Service & Lifecycle Support

● Maintenance Service Agreements for Microbiology & Diagnostics

We've got you covered!

Your investment in a Bruker instrument is the beginning of long-term partnership. Our goal is to ensure that your Bruker instrumentation meets the highest standards and is continually contributing to your success. For this reason, we provide you an unparalleled solution, Bruker LabScape. We support you in all aspects across the entire instrument lifecycle, from on-demand services and maintenance service agreements with next-business-day on-site response to dedicated training and compliance services. Bruker LabScape is your direct access to a global network of factory-trained service and application experts, who strive for your success.

Bruker LabScape maintenance service agreements are a key component for maximizing the duty cycle and reliability of your instrument. This leads to a significant increase in productivity while having complete cost control and maximum planning security. These flexible service solutions suit your needs and budget and include following options:

- Modern remote support and diagnostics
- Regular instrument maintenance
- Unlimited on-site repairs
- Original parts and supplies
- Dedicated on-site training
- Targeted application support
- State-of-the-art compliance services
- Comprehensive software services
- High-availability services with guaranteed next-business-day on-site response

Service Agreements

Choose one of the following LabScape Maintenance Service Agreements available for instruments used for microbiology and diagnostics:

LabScape Essential – Ensure peak performance. A combination of remote support and regular annual maintenance helps you operate your instrument under optimal conditions.

LabScape Complete – All support you need. A comprehensive solution providing comprehensive service including spare, wear and tear parts which helps you avoid instrument failures, costly repairs and down time.

LabScape Complete 48 – All the support you need within 48 hours. A package including guaranteed on-site response within two business days to resolve the problem before it affects your business.

LabScape Complete 24 – High-availability services within 24 hours. A VIP package for time-critical operations with all services and a guaranteed next-business-day on-site response.*
